Contempt of Court—The Jesuit Question—Suicide of a Soldier.

Death of Colonel Walker, Ex-M. P. P.—The Crops in Manitoba.

[Special to The Times.]

Winnipeg, Man., Aug. 15.—James Colter, a bachelor farmer aged 70, living at Deloraine, hanged himself yesterday while insane.

John Joslyn, a prominent lumber merchant of Broadview, was killed there yesterday, being caught on the track by a C. P. R. engine.

CONTEMPT OF COURT.

St. John, N. B., Aug. 15.—The Supreme Court of New Brunswick has adjudged John M. Ellis, M. P., editor of the *Globe*, of contempt of court. The court has not yet prepared the sentence.

THE JESUIT QUESTION.

Kingston, Aug. 15.—At a meeting of the Equal Rights Association last night a resolution condemning the Governor-General's action was passed and concurrence given a resolution of the delegates passed at Quebec in reference to the interview with His Excellency.

MANITOBA CROPS.

Winnipeg, Aug. 15.—The second crop bulletin, issued by the Manitoba government, will be published to-morrow. The returns are being made up and averaged and show that throughout the province the entire crop will equal fourteen bushels to the acre.

Cloeghier's grain elevator of Otterburne was burned last night. Loss three thousand dollars.

TERRIBLE SUICIDE.

Halifax, Aug. 15.—A terrible suicide was committed this morning, the victim being private Joseph Hill, of the West Riding regiment. He took a loaded rifle, placed the muzzle far into his mouth and pulled the trigger. The top of his head was blown off and the pieces scattered in various directions.

S. D. Pope, Superintendent of Education, arrived here this morning and made an inspection of all the city schools.

HEAVY SALE.

Eddy's Timber Limits Offered For Sale—$50,000,000 Represented.

[Special to The Times.]

Ottawa, Ont., Aug. 15.—The largest sale of timber limits ever held in this district took place yesterday, when the whole of E. B. Eddy's limits and saw mills were put up for auction. The lumbermen present at the sale represented over $50,000,000. There was about one quarter of a million dollars of limits sold, the remainder being withdrawn, owing to the price offered being insufficient. Mr. Eddy wishes to retire from the lumber business and is going into the manufacturing of pulp for paper.

ALDERMEN IN SESSION.

Communications—Report of the Sewerage Committee—By-laws.

The usual weekly meeting of the Board of Aldermen was called to order last night at 3 o'clock by Mayor Grant. Present: Alds. Harris, Wilson, Goodacre, McKillican, Coughlan, Kelly, Vigelius, and Harrison.

Clerk Dowler read the minutes of previous meetings. Adopted.

COMMUNICATIONS.

From Coyt, Barton & Cowles, acknowledging receipt of order for water pipes. Received and filed.

From H. F. Helsterman, requesting the Board to grant aid to erect a Provincial University, for which suitable ground has been secured. Laid on table to be discussed at a special meeting.

From Drake, Jackson & Helmcken re a Commercial Travellers' By-law. Referred to finance committee.

From Thornton Fell, asking about a tax deed of city property which was handed to the corporation. The necessary papers should be returned. Mr. Fell said he asked the Clerk for the deed; the Clerk referred Mr. Fell to the Mayor; the Mayor referred him to the city barristers and the city barristers referred Mr. Fell to the City Clerk. The writer was sent around for six months and considered that it was about time the papers were returned. Referred to the city assessor.

His Worship considered that the blame rested with the owner of the property.

From R. W. Colvin, asking for remuneration for displacing fences on Work street. Referred to street committee to report.

From Drake, Jackson & Helmcken, asking that the sprinkler be ordered to lay the dust on Fisgard street. Referred to street committee.

From Drake, Jackson & Helmcken, acknowledging the receipt of a communication re work in front of Mrs. McTavish's residence on Humbolt street and calling on the board to erect a retaining wall in front of Mrs. McTavish's residence.

Ald. Harrison moved that the communication be received and the gentlemen informed that it was not the intention of the board to build a retaining wall. 1889."

Ald. Vigelius seconded the motion. Some time ago the street was cut down in front of Mr. Jessop's and Mr. Keith's residences. The residents in the locality built a retaining wall at their own expense and it was not proper for the owners of property on Humboldt street to ask the board to erect retaining walls on private property.

The motion was carried.

From J. P. Burgess, asking permission to make connections with the sewer on Kane and Broughton streets. Granted.

From Mrs. M. A. Mount, calling attention to a defective drain on Belleville street. Referred to street committee.

From C. H. Mortimer informing the board that the *Electrical News* will be supplied free of charge to the board. Received and filed.

From W. K. Bull, returning officer, submitting the result of the vote on the Railway Bonus and Bonus Interest By Laws. Received and spread on the minutes.

From T. Shotbolt, applying for permission to connect with the Johnson street sewer. Request granted subject to the inspection of the engineer.

From a number of Chinese calling attention to the dust arising on Fisgard street. Referred to street committee.

From eleven residents of James Bay, asking for an electric light near the entrance to the outer wharf. Referred to electric light committee.

From twelve residents of Cormorant street, asking that the street be sprinkled.

His Worship said it should be the duty of the police to see that the contract for street sprinkling was carried out.

Chairman Vigelius said he would see that the contract for sprinkling is carried out.

Election accounts were referred to the finance committee to be paid if found correct.

BY-LAWS.

The Victoria-Saanich New Westminster Railway interest bonus by-law was read a second time.

Ald. Harrison said the vote on the by-law was so close that the board should all vote against it.

On motion the by-law passed a second reading.

The fire department by-law, 1889, was read a second time.

Ald. Wilson explained that the salary of the chief engineer was raised to increase the efficiency of the fire department. The chief engineer will give his whole time to the business of the department, and will be responsible for everything connected with that branch of the municipal service. At present he is employed at other work which necessitates his absence from the centre of the city.

The officers' remuneration amendment by-law was read a second time.

Ald. Vigelius said the duties of the city surveyor were becoming more arduous every year. The construction of the Johnson street sewer and surveys on streets took up a great deal of his time. Mr. Leach was receiving $125 per month and it was the intention to pay that gentleman an increased salary, which will make his salary $150 per month.

Ald. Kelly said he was a friend to Mr. Leach and considered that an increase of salary to that gentleman would mean that he would lose the office.

Ald. Coughlan considered that the salary of Mr. Leach should not be changed. The office was costing more than any other branch of the service. He intended to vote against the raise of salary.

Ald. Harrison said he respected Mr. Leach but doubted his energy. The office was costing too much at present.

Ald. Vigelius and Mr. Leach was called on to engage outside help to make out the street grades.

Ald. Harris said he held the office of city surveyor for some time and knew the work connected with the office. An officer in that position finds his own instruments. He is not paid as much as a surveyor in a country village. The documents placed in his hands would be attended to properly if the official was properly paid.

Ald. Wilson considered that the city surveyor was underpaid. If the board considered that the city required good men they should be well paid.

Ald. Coughlan considered that the work of the water commissioner was more arduous than that of the city surveyor. The commissioner worked four hours longer every day and was underpaid. Mr. Leach was allowed assistants and the prop sed increase would not be the means of making that official attend more properly to his work.

His worship considered that the water commissioner should receive a raise of wages. He was a most persistent worker and although his worship was not one of those who was instrumental in appointing Mr. Summerfield he considered that the gentlemen should receive an increased salary.

The by-law, increasing the salary of the city surveyor to $150 per month and the city assistant clerk to $90 per month, was passed.

CONTRACTS.

Ald. Kelly said he did not consider it proper to award tenders to cheap men. The board should award contracts to good reliable parties. The cheap contract system was not the way to have good work done.

GRADING PARKINGTON STREET.

Tenders were read from Noel LeClaire, Geo. Lyall and Willis Bond. Referred to the street committee to award contract to the lowest tenderer.

REPORTS.

From the street committee recommending improvements in various parts of the city. Received and adopted. The following report from the drainage committee was read:

VICTORIA, B. C., 14th August, 1889.

To His Worship the Mayor and Board of Aldermen:

GENTLEMEN.—We, your drainage committee, beg to report that on Tuesday evening, the 13th inst., your committee interviewed Mr. Pickering on sewerage matters, more particularly depth and sizes of sewers, and your committee are of the opinion that it is advisable to adopt the combined system as laid down by Mr. Pickering, amending the main outfall as suggested by him on Humboldt street.

We further recommend the preparation of a by-law with a view to borrow a sum of money, the repayment of which to extend over sixty years, by equal annual instalments to cover both principal and interest, for prosecuting the work immediately, and the appointment of an engineer under Mr. Pickering to carry out the work.

All of which is respectfully submitted.

D. R. HARRIS,
L. GOODACRE,
S. L. KELLY.

Ald. Vigelius moved the adoption of the report and said he was glad this question came to so successful an issue. He was pleased to move the adoption of the report.

The motion was seconded by Alderman Harrison.

Ald. Harris, chairman of the sewerage committee, said he considered it unnecessary to say very much on the report which explained itself. It was necessary to raise a sum of money. Ald. Kelly was a friend of the separate system but had decided to accept the combined system after a consultation with Mr. Pickering.

Ald. Kelly said the corporation worked for nineteen months on this sewerage scheme and although he was a friend of the separate system this worthy alderman would give in to the majority and would support the combined system proposed by Mr. Pickering.

Ald. Harrison wished the board to hold a special meeting to discuss the report.

His Worship said he was not present at the meeting of the sewerage committee and would be pleased to hear Mr. Pickering. The sewerage of this city should be attended to properly and a special meeting of the board should be held to hear Mr. Pickering's views and to give the board an opportunity to vote intelligently.

Ald. Coughlan asked for a special meeting to consider the report of the sewerage committee. He would also like to hear Mr. Pickering on the subject.

The board decided to hold a special meeting on Friday evening.

The report of the water committee was received and adopted.

Ald. McKillican said he examined the city landing and considered that it was in a most dangerous condition.

On motion of Ald. McKillican it was decided to have the landing attended to at once.

Ald. Harrison wished to state that a little paper called the *Standard* stated that the sanitary work was not attended to properly. He considered the statement false. The present incumbent, Mr. Bayley, was a most efficient officer.

The board adjourned at 10.30 p. m.

TO-DAY'S DISPATCHES.

The Terry Murder—Boulanger Banished—Convicted on a Charge of Bigamy.

Parnell's Anger—The Maybrick Case—A British Columbia Timber Raft.

[By Postal Telegraph.]

New York, Aug. 15.—The *Mail and Express'* London cable says the extraordinary somersault which the cabinet has just performed with regard to the Tithes Bill has not conciliated the Liberals, while it had the effect of astounding and exasperating the Conservatives. The announcement last night by Attorney-General Webster that the government had decided to amend the bill by accepting the proposal of the opposition to make landlords instead of occupiers liable for payment of tithes, will do the ministry no good, and even the cheers of the Liberals with which the announcement was greeted are scarcely consoling to the cabinet. The utter rout of the government was indicated in the remarks of Sir William Vernon Harcourt that their ministerial gymnastics is equivalent to the introduction of a new bill framed on precisely the same points insisted upon by the Liberals.

SOUNDING SALISBURY.

London, Aug. 15.—A report is current that the French government has instructed M. Waddington of France to sound Lord Salisbury as to how a demand for the extradition of General Boulanger and his friends, condemned by the high court of justice, would be received by Her Majesty's government.

A CASUS BELLI.

London, Aug. 15.—The sultan's ministers have authorized the announcement that if Greece should proceed with her preparations for interference in the affairs of Crete, Turkish troops will be concentrated on the Greek frontier.

BOULANGER BANISHED.

Paris, Aug. 14.—The senate court pronounced judgment to-day upon General Boulanger, Count Dillon and Henri Rochefort. The accused are condemned to deportation to some fortified place and there held as prisoners. The court decided that it was competent to try the the charges of embezzlement against Gen. Boulanger and found him guilty on the counts which accuse him of appropriating public funds. Efforts were made by partisans of Boulanger to have the court consider the extenuating circumstances, but the court refused to admit that there were any.

The court adjourned in order to frame the text of a decree which will be voted on in secret session, and then read at the sitting. The different republican groups in the senate held a meeting immediately after the adjournment of the court, and passed resolutions requesting the government to enforce the decree after the dissolution of the court. They called attention to the gravity of the conduct of some of the ministers in absenting themselves during the trial, and demanded that steps be taken to bring to justice the other officials implicated with Boulanger, Dillon and Rochefort in their treasonable plots for the subversion of the state.

BOULANGER'S BRAVADO.

London, Aug. 15.—General Boulanger is the guest of Lord Delaware at Buckhurst Park. He says the verdict of the elections will overturn the work of the senate council in his case. He still keeps up an air of nonchalance and bravado, which has always distinguished him.

WILL NOT OFFICIATE.

London, Aug. 14.—Official Executioner Berry declares that he will refuse to hang Mrs. Maybrick, and if petitions for clemency in her behalf are not successful the authorities will have to find some one else to preside at the execution. Mr. Mathews, Home Secretary, had a long consultation with some of the counsel in the Maybrick case to-day.

PEACE TALK.

Berlin, Aug. 14.—At the banquet which was given at the castle yesterday in honor of Emperor Francis Joseph, Emperor William, in his toast to his Imperial guest, said: "You learned from the joyful reception with which you were welcomed by our people that they are filled with a warm and lively consciousness of the friendship which has existed between your people and mine for a century. Before all is this consciousness manifested by the army, a portion of which you saw to-day, proud at being permitted to appear before your soldierly eye. My people, like the army, will hold firmly and faithfully to the alliance we concluded. The army knows that for the maintainance of peace it will have to join with the gallant army of Austria, and it Providence so wills will fight shoulder to shoulder with it." The Austrian Emperor thanked his host for the brilliant reception accorded him and toasted his friend and ally. "Two such gallant armies as those of Germany and Austria," he said, "increased the guarantees of peace."

PARNELL ANGRY.

London, Aug. 14.—The Parnellite members of the commons held a meeting late last night. Parnell, who acted as chairman, commented in very strong language on the slack attendance of members at the sessions of the house. Twenty were absent when a division was taken on Gray's amendment to the Tithes Recovery Bill when their presence would have insured the defeat of the government. Parnell soundly berated the absentees and told them very plainly that their conduct was a shameful abuse of the trust reposed in them by their constituents.

THE WHITECHAPEL INQUEST.

London, Aug. 14.—Workingman's Institute in Whitechapel Road was crowded with an ill-assorted collection of humanity this morning, when Coroner Baxter, of Middlesex, resumed the inquest on the body of Alice Mackenzie, the woman who was murdered and mutilated by "Jack the Ripper" on July 17th. The inquiry had been postponed until to-day in the hope that the efforts of the police to capture the murderer would prove successful. At this morning's session, however, Detective Inspector Reid and officers Walker, Reid and Joseph Allen, who have been specially detailed on the case, testified that not a clue had been secured which was calculated to lead to the detection of the criminal, and the jury therefore returned a verdict of "wilful murder against some person or persons unknown."

THE TWO EMPERORS.

Berlin, Aug. 14.—Emperor William and the Emperor of Austria left Berlin at 7:40 o'clock this morning for Spandau, where a sham fight takes place. Four battalions of troops crossed the river Havel, which at this point is 450 metres wide, on a bridge constructed of 90 pontoons. The building of the bridge and the passage of the troops were accomplished in a remarkably short time. The battle took place on the heights south of Spandau. One division of the ten battalions used the new smokeless powder and their opponents used the old style of powder. The contrast between the effects of the two explosives was striking. The troops using old powder were completely enveloped in smoke, the action ending in the western forces being thrown back on Spandau. After the battle the Emperor William called the officers together and criticised the operations. The two Emperors lunched in a tent that had been specially raised on the field for the purpose. They returned to Berlin at 1 o'clock.

CANADIAN NEWS.

Quebec, Aug. 15.—The farmers from Tewkesbury report bears infesting the locality and playing havoc among sheep and cattle. A determined war has been declared against bruin and several carcasses have already been brought to town for sale. The locality seems a bears' paradise. No less than nineteen beasts were killed in the vicinity last year.

The steamship Devington, which was ashore at Matane, has been floated off and is on the way up to this port.

FREAKS OF LIGHTNING.

Quebec, Aug. 15.—During a thunder storm at Montmagny, the electric fluid played sundry tricks at the house of a farmer named Louis DeCarceon. It struck the building twice within a few minutes, entering in different places. The window glass was smashed, a stove split up into pieces, crockery demoralized, doors burned and other traces of its visit left. Some inmates, all of whom were in bed at the time, were paralyzed and stunned while others woke in terror.

SOCIETY ITEM.

Toronto, Aug. 15.—A marriage in high life took place yesterday in St. Peter's church, the contracting parties being Rev. Thomas O'Meara, of Trinity church, East Toronto, and Miss Harriet Boyd, daughter of Judge Boyd.

NO LIBEL.

Winnipeg, Aug. 15.—The libel case against Acton Burrows and others, brought by H. J. Clarke, was dismissed to-day with costs.

KINGSTON AGITATED.

Kingston, Aug. 15.—At a meeting of the Equal Rights Association last Tuesday night, a resolution condemning the Governor General's action was passed, and an endorsement given the resolution passed by the delegates at Quebec with reference to the interview with His Excellency. It was further resolved, but not without some discussion, that all members of the Equal Rights Association pledge themselves not to support by their votes and influence any of the 188 members who voted against disallowance, and support only those who endorsed the Equal Rights Association. A mass meeting will be held soon to consider the Governor-General's action.

LADY STANLEY PLEASED.

Quebec, Aug. 15.—Lady Stanley, who evinces much interest in female emigration, visited the specious emigrant sheds and buildings in Levis embankment yesterday and expressed pleasure at the arrangements made for the comfort of emigrants landing at Quebec.

A B. C. TIMBER RAFT.

Ottawa, Aug. 15.—Word has reached here that James D. Leary, the shipbuilder of New York, will soon build a timber raft in British Columbia and tow it to San Francisco. He was the builder of the two Joggins' rafts, one of which broke up on the way to New York from Nova Scotia.

PROSPEROUS MANITOBA.

Winnipeg, Aug. 15.—The report of the provincial department of agriculture for June and July will show that wheat will this year average 14, oats 21 and barley 18 bushels to the acre.

AMERICAN NEWS.

Stockton, Cal., Aug. 15.—The district attorney of San Francisco county says he will have a warrant issued for the arrest of Judge Field as an accessory to the killing of Judge Terry.—Mrs. Terry says she left the dining-room, supposing her husband would follow. As he did not she went to the train to get the pistol she had taken from him before entering the dining room. She insists her husband did not intend to do anything but slap Field. A coroner's jury on Terry developed no facts not already covered.

KILRAIN BAILED.

Baltimore, Aug. 15.—Jake Kilrain was released on $2,000 bail this morning by Judge Harland, supreme bench, for hearing on the 22nd on legality of his arrest. Action was taken under writ of habeas corpus. Kilrain was present in court, and there was a large attendance, including some ladies.

SEVERE STORMS.

St. Louis, Aug. 15.—Severe storms prevailed throughout Texas and Arkansas last night cutting off telegraphic communication with the principal towns in the states.

KNOCKED OUT.

San Francisco, Aug. 15.—A fight to a finish, Queensbury rules, for a purse of $800 between Chas. Turner, colored, of Stockton, and Peddy Gorman of Australia, was won by Turner here last night after 8 rounds.

THE LUCKY ONES.

New Orleans, Aug. 15.—In to-day's drawing of the Louisiana lottery 87,885 wins the capital prize of $300,000. The second prize is 85,332; third, 75,353; fourth, 63,540; fifth, 54,422; sixth, 30,242; seventh, 90,684; eighth, 43,200; ninth, 90,694; tenth, 61,863; eleventh, 19,044.

CHICAGO'S WORLD'S FAIR.

Springfield, Ill., Aug. 14.—The secretary of state to day licensed the world's fair of 1892 at Chicago, to commemorate the 400th anniversary of the discovery of America. The capital is $5,000,000, and the incorporators are DeWitt C. Cregier, mayor of Chicago; Ferd George Schmeder, Anthony Zeberger, Wm. C. Zeiph, John R. Walsh and E. Nelson Blake.

CONVICTED ON PERJURY.

New York, Aug. 15.—Counsel employed here by Mrs. Maybrick's friends to obtain information in support of and appeal for a reprieve, have received a letter from Alfred Monck, a lawyer of Montreal, stating that Mrs. Yapp, the principal witness against Mrs. Maybrick, had to leave Montreal three years ago to avoid an indictment for perjury for testimony given by her in a divorce suit, to which, after entering into a conspiracy with a husband and his mistress, she swore the wife was an adulteress. Her testimony was proved false and she immediately disappeared.

Dudley M. Holmes, editor of the Portland, Maine, *Express*, writes that Mrs. Maybrick formerly lived in that city and was highly respected. He suggests a petition of Portland citizens to be forwarded to Secretary Blaine. The counsel here approves of the scheme and will forward all evidence in their possession to Blaine. A well known lawyer, present at the Maybrick trial, and who arrived to-day on the Teutonic, says the judge's charge to the jury was the most prejudiced he ever heard.

General Secretaries Conference.

The general secretaries of the Young Men's Christian Associations of the Pacific Northwest will hold their annual conference in this city on September 17th and 18th. Three public meetings will be held, and each day private sessions, at which the detail work of the Association will be considered. Among those who will be present are Mr. E. C. Fink, chairman of the executive committee; Mr. C. G. Fay, the treasurer; Mr. Jacks, the travelling secretary, and Rev. Clark Davis, of Seattle, besides all the general secretaries.

OUR OTTAWA LETTER.

What Do We Get for British Columbia?—The Seizure of the Black Diamond.

The Tories Intend Stealing the Liberal Programme—Using Stanley for a Target.

[From our own Correspondent.]

Ottawa, Ont., Aug. 8.—The seizure of the Black Diamond in Behring Sea has received a great deal of attention here. Although the sealer was able to arrive at Victoria, after being robbed of her seals, fishing tackle, and ship's papers by the United States revenue cutter, the offence is not much lessened. If Great Britain permits Canadian vessels to be thus treated in the open sea, while peaceably pursuing their avocation, the people throughout the Dominion will commence asking one another wherein lies the benefit of British connection. True enough, Canada does not contribute towards the maintenance of the British army and navy, yet the advantages of union are by no means one sided. In case of war the position of Canada would give Great Britain control of the Northern Pacific and Atlantic, with coaling stations for their great ironclads at Halifax and Vancouver or Victoria, and the Canadian Pacific connecting both parts by land, not to speak of the readiness of our people to join hands with Britain in maintaining the honor of its flag. In Ottawa the general opinion is that there is a perfect understanding between the United States and the British Government as to the course to be pursued in regard to sealing vessels in Behring Sea. It was through this understanding that the Black Diamond was seized and afterwards allowed to go. That the British Government should come to any such understanding without thereby acquiescing in the claim of Government is regrettable. Nay, further, it is to be condemned. It is about time that Canada was something more than a mere dependency of the British Crown, whose interests are to be ignored if they will in any way interfere with other interests of Britain. In other words, Canadian sealers are allowed to be seized by American pirates on the high seas, because to put a stop to the iniquity would interfere with other existing negotiations between the States and England. The Canadian Government have been treated as a cipher in this important matter, and it is said that they intend now pressing for full information as to the principle on which the Black Diamond was seized and then allowed to go, as well as to obtain a full settlement of outstanding claims and a thorough understanding for the future.

TO STEAL THE LIBERAL PROGRAMME.

I learn on what is considered very good authority, that next session of parliament will see Sir John A. Macdonald making a move towards unrestricted reciprocity with the United States. That the government and their followers pronounced all who entertained views of this kind disloyal, is no reason why a most radical measure should not be introduced and still less reason why every Tory in the House would not vote for it. All the members of British Columbia are free traders, if they are to be judged by their votes, yet not one of them would refuse to go against the wishes of the Premier. The Victoria Board of Trade might vote twice a week for reciprocity, but that city's representatives in parliament would vote for the N. P. if Sir John Macdonald asked them to do so. This is putting it mildly. At all events there is a general feeling in the country, especially among the agricultural classes, for closer trade relations between Canada and the United States. Whether it is brought about by Sir John Macdonald or Wilfred Laurier matters little to the people so long as they obtain it.

THE GOVERNOR-GENERAL.

Lord Stanley may well exclaim, "Uneasy lies the head that wears a crown." His unfortunate speech at Quebec to the Equal Rights delegates is being severely criticised. No one attributes the sentiments therein contained to His Excellency, but all condemn the government for first having put words into his mouth and afterwards not only put them down as his own but held him up as a target for the missiles contents to fire at, so that they themselves might escape the responsibility. This rather mean action has had an opposite effect. Canadians are too well acquainted with the duties of Her Majesty's Viceroy in this country to be led away with the idea that on important matter concerning the state he gives his "personal views" or speaks for any one else save his advisers. The government organs have labored hard to convince the people that Lord Stanley spoke for himself, but no opposition newspaper has so far been led into the trap set, and abused him for doing so. On the contrary, the action of the government, a terrible political blunder so far as they were concerned, has put new strength into the Equal Rights movement and brought down upon the administration the condemnation of every Orange lodge in the country. Sir John Thompson may have had the satisfaction of putting his own words into the mouth of Lord Stanley, thus scouring a short-lived victory for himself, but Sir John Macdonald will have the mortification of these same words losing thousands of votes to him in the province of Ontario at the next general election.

THE POSTOFFICE DEPARTMENT.

It was a very small punishment to the clerk in the Kingston postoffice to be merely fined for having opened a letter which passed through his hands and read the contents. There was no money in the letter, and the object of the clerk in committing the offence seems to be mere curiosity. Nevertheless it is a crime and the penitentiary is the reward. That the young man has also lost his situation in addition to being fined ought to be a warning to others similarly situated. A whole lifetime might be wasted for the mere gratification of a little curiosity. The postoffice clerk has a sacred trust to perform and it is right that he should be stringently dealt with when he violates his oath of office.

THE NEW BLOCK.

Some time ago the new departmental block on Wellington street in front of the parliament buildings was completed and now it has reached the finishing touches. The contract price was between $300,000 and $400,000, but it will cost nearly twice that amount. Messrs. Charlebois & Co. were awarded the contract at a very low figure, on the understanding that there were to be many "extras," so as to recoup them for Sir Charles Tupper passing over their tender and awarding the British Columbia section of the C. P. R. to Mr. Onderdonk. Messrs. Charlebois & Co. had the lowest tender in that case, but Sir Charles Tupper found fault with their deposit check. So for the agricultural department, patent branch and Indian affairs have been moved into the new building.

AFFECTED VIRTUE.

We have been taken to task by a Fraser river Pharisee for using the "front names" of the Hon. JOHN ROBSON and the Hon. THEODORE DAVIE with careless and even hoodlumish levity. We are advised by our pharisaical contemporary "to affect a virtue we have not,' and address the above named gentlemen in respectful terms. We accept the rebuke, but we repudiate the morality of the advice. We doubt whether we are justified in being "polite" at the expense of hypocrisy. We believe that so soon as public men assume the role of demagogues, affect virtues which they do not possess, that they are no longer entitled to be designated with the degree of respect which is accorded to honest men. But, screams the Columbian, where is the proof that these men are demagogues? Point out one solitary virtue which they are carrying for look's sake! Now, as regards proof in this matter, while the Columbian would hang a man on circumstantial evidence it will not condemn the government on the strength of such evidence. Circumstantial evidence will do very well in the cases of murderers, thieves, etc., but when it comes to applying it to the Hon. JOHN ROBSON *et al* that is an "opposition lie." In the past we have accused the government of incompetency and the circumstantial evidence we have employed would have hanged them had they been up for murder, but the Columbian cant see it. Within the last ten days we have accused the Hon. THEODORE DAVIE of charlatanry in his political pretentions, and there is circumstantial evidence enough to convict him in any court, but according to the Fraser river Pharisee we are not to expose the fraud in unmistakable language. The Hon. THEODORE DAVIE, in a word, is permitted to affect a virtue for policy sake, but we are not permitted to point the fact out in plain English. It makes a great deal of difference to the Columbian whose bull is gored. In respect to the affectation of virtue, curiosity prompts us to ask whether the Columbian is indebted to the government for this peculiar philosophy or conversely. We shall not press this question, however. It is a leading question and we cannot expect the Columbian to reveal its secrets; sooner expect rather the cabinet to endorse the railway policy of the Hon. THEODORE DAVIE, something which thus far it has carefully refrained from doing. Yes, strange as it may appear, though the cabinet affects to be in harmony with the Hon. THEODORE DAVIE, it has not yet endorsed his policy by word of mouth. The Hon. JOHN ROBSON though permitting the Hon. THEO. DAVIE to enter the cabinet as the champion of railways, has not yet vented a single expression which would commit him to the support of his colleague. The Hon. JOHN ROBSON had an opportunity last Monday night to endorse the Hon. THEODORE DAVIE's policy, but he failed to connect. Mr. ROBSON would like to have us believe that he is a railroad man, but he will not put himself on record to that effect. He affects a virtue which he does not possess, and if we probe a little deeper we shall discover the cause therefor lies in the uncertain temper of his constituents. It is extremely doubtful if the Hon. JOHN ROBSON could be re-elected from New Westminster on the platform of Hon. THEO. DAVIE. It would be impolitic of him therefore to endorse the Attorney-General in so many words, and why should he unless he is forced to it, so long as the Attorney-General is only the fifth spoke in the wheel. Now, we hold that it is incumbent on the premier to declare whether or no he and his colleagues are in harmony with the Attorney-General. We hold that he cannot as an honest man affect the semblance of harmony; that he cannot hold the confidence of the electors and persist in an attitude which would enable him to "flop" in whatever direction his private interests should seem to dictate. If the Hon. THEO. DAVIE had not raised the railway issue, the Hon. JOHN ROBSON would not now be in an equivocal position, debating which he had better do, stay with Victoria or stay with his constituents. The question has been raised, however, and as Mr. DAVIE is but one in five it is in order to hear from the remaining four, a profession of faith. The raising of the railway issue on the part of the Hon. THEO. DAVIE as a political move was the greatest of blunders, an affectation of a virtue, which neither he or his colleagues possessed. He fancied that being only one in five it made no difference what he professed, and he forgot that the electors would demand to know who the majority of his colleagues professed. Taking into consideration the Columbian's advice and the government's conduct, we are made aware of the pretty gang of hypocrites who are attempting to retain their grip on this province. They have made a mess of things, however, and with circumstances pointing so strongly against them it is not our purpose in discussing their status to deal in euphonisms and other terms which but faintly convey the nature of our meaning.

JUDGE TERRY.

Those who live by the sword shall die by the sword. Judge TERRY did not live by the sword. He was a lawyer, and in his normal mood was a mild-mannered man. Judge TERRY, however, was possessed of more resolution (temper some people call it) than nature usually allots to one man. He was combative by nature, and by education in the latter respect, having been "raised" in the South, where the code duello still flourishes. TERRY probably exemplified the highest type of brute courage, that is to say, when once aroused he knew no fear, nor was the scope of his inclination to violence circumscribed by moral considerations. Most men, however hot tempered and personally fearless, are restrained from undue violence by moral or social considerations, but not so with TERRY. When he got mad the conventionalities which restrain most men were nothing to him. In 1858, if our memory serves us right, he became involved in a political quarrel with BRODERIC, then U. S. Senator, the outcome of which was a duel, resulting in the death of the latter. It may be questioned whether this affair hurt TERRY any with his political affiliates, the democracy, which at that time was composed mostly of Southern "chivs," but as California subsequently became strongly republican, and as BRODERIC's untimely end had had the effect to deify him, TERRY lost prestige and men spoke of him with reproach. Had TERRY consulted his best interests he would have sought refuge in a strongly democratic state. TERRY's last affair, in which in open court he attempted to stab the officers who had taken his wife in custody, for flourishing a derringer, is of too recent occurrence to be recounted here. It is sufficient to know that he was terribly enraged over the unceremonious treatment he received at the hands of Marshal FRANKS, and that he was not the man to forget it. We may presume, therefore, considering the character of the man, his naturally violent temper, superheated by bitter recollections and the consciousness of having lost caste, that he felt like killing FRANKS, and that the first time they met trouble began. So TERRY died as he had lived. The biblical axiom has been verified, and another exemplar of the revolver and the knife has gone to his final account.

EDITORIAL NOTES

The Black Diamond don't go off with a Rush.

The morning organ of the government—there are two organs and they should not be confounded with each other—devotes three columns to Dr. Milne. The quantity and weight of our contemporary's political contributions point to one result—the defeat of Mr. Davie. The Colonist is doing work for Dr. Milne.

Mr. Theodore Davie, in the Colonist, explains that he will not occupy his present committee rooms during the day of polling, having hired another building for that day. We are glad to learn that the Attorney-General has had the good sense to see that the polling station should not be made the committee room of a candidate, and that he will withdraw from its precincts before polling day. It would have been better, however, had Mr. Davie refrained from the "appearance of evil" and secured a committee room in the first place in some other building.

The Guardian says: Mr. Robson we fear is not a faithful lover; he comes here and pays court to our farmers, and then, be the cause whatever it may, goes up to Comox to repeat the sweet nothings that soothed the ears of New Westminster district electors! Mr. Robson is, if anything, prudent; he has some idea that he may be rejected by this district and he is determined not to be left in the cold if he can help it. There is no love lost between Robson and Humphreys; if Mr. Humphreys should get well, it would be a great triumph for Robson to beat him in Comox. But he may not return in time for the election, in which case Robson thinks he would have a walk over. "There's many a slip 'twixt the cup and the lip."

The Colonist, in a paragraph this morning says: "Dr. Milne professes to be ready to guard the land laws. By this he would lead the electors to believe that he has a great respect for law. Is not the education law as worthy of being guarded as the land laws?" Yes, Dr. Milne assures the electors that he has boldly prepared to stand up in defence of the school as well as to defend the city's rights in not being overtaxed for school purposes. The Doctor also maintains strongly that our free schools, untrammeled by political influence, is the future greatness of this country. If you support Theo. Davie, you support a man who is not imbued with such liberal ideas, but is a partisan of the most bitter type. We can expect more from Dr. Milne than Theo. Davie in guarding our public lands as well as in watching carefully the school laws and preventing the educational department from becoming a political machine.

The Colonist says in reference to the so-called mistake which Dr. Milne made in his address in reference to the clause compelling the cities to pay the expenses of maintaining the schools as well as paying one-third the teachers salaries, that "he should know that bills in their passage through the legislature often get changed beyond the recognition of even their introducer." It is well the amendment to the school law as proposed by the Hon. John Robson on this occasion was changed, for if we take Mr. Theo. Davie's interpretation of the clause under discussion, Mr. Robson intended to make the cities not only pay the *whole of the teacher's salaries*, but for the *operating* of the schools as well. This was the Attorney-General's interpretation of the law, at all events, and is it not a happy thing for the citizens of Victoria that the amendment of the Hon. John Robson was not changed beyond recognition? To vote for Mr. Davie will be to vote for increased taxation in sustaining our city schools.

The same parties who advocated a slavish support to the Dominion government at the last general election are advocating it now in provincial politics. The great cry with them was that "you will get nothing if you do not support the government." They quote "Honest John" now as saying it would be "suicidal to defeat Mr. Davie." They will admit that if the two men were placed in the field and allowed to stand on their merits that Dr. Milne would poll two votes to Mr. Davie's one. On what do they rely then? They simply believe that a majority can be found who are credulous enough and gullible enough and mercenary enough to elect a man, whom as a man, they have no confidence in. The city lose by defeating Mr. Davie! What would it lose?

PROCLAMATION.

NOTICE

IS HEREBY GIVEN THAT CHANCELLOR Browning, Commissioner for the O. F. R., has this, the 26th day of July, 1889, issued a proclamation warning all persons from purchasing lots from Samuel Greer in Lot 82, Group One. Now, may it please Your Lordship, I have never offered for sale any lots in said Lot 82, for that would be deception on the public, as the highest legal authority in British Columbia pronounced the title to that lot utterly —not one cent as consideration having been given. Now, if Your Lordship will adjust your pig and temper from your deep studies of Blackstone and the laws of autopsy, you will be able to see that the four Judges who threw your case out of Court last April were fully able to comprehend the 4 Reasons in same, and Pre-emption Record 1008, the being the Registered Number of my land on English Bay. Come down and see us I have a few corner lots (with a smattering of coal) left. I mean to sell, and the public will persist in buying them, notwithstanding Your Lordship's declaration "Things will move just the same at English Bay."

All parties are hereby warned that Agnes not in title to Lot 82c (it is confirmed by the Legislature, and all sales will be void.

LITTLE MEN AND WOMEN.

FACTS ABOUT SOME DIMINUTIVE SPECIMENS OF HUMANITY.

An Old Time Recipe for Checking Growth.

Many Little People with Interesting Records—A Dwarf Destroyed by Cats.

Dolly Dutton and Her Troubles.

Few freaks of nature are of greater interest than little people, for a symmetrical dwarf is a diamond edition of mankind; and as diminutive bits of mechanism are esteemed because of their rarity, so they are regarded with more interest than ordinary men, although doubtless of less use to the world in a practical way. A curious old author gives an infallible recipe for dwarfing men by art. He says: "If you anoint their spines in their very infancy with the grease of mules, bats and dormice they will be of short stature." He adds: "The Bononians in Italy, to make their dogs very little, wash their feet and backbones very often from their birth in cold spring water, which, drying and hardening these parts, hinder their extension."

Some of our modern Barnums would, no doubt, like to try these experiments if assured of their efficacy; but they would be much better appreciated by them than by the unfortunate subjects of their attentions. Probably the smallest individual on record was an Egyptian dwarf, who lived in the reign of Theodosius. This diminutive pigmy was so exceedingly small that he represented a partridge, yet he performed the duties of a grown man, and as an ancient historian puts it, "had an excellent knack at singing musically." Another one, John de Estrix, of Mechlen, who lived in 1526, at 35 years of age had a long beard, and was but three feet in height. He was noted for his good sense and ingenuity, spoke three languages to perfection, played well at most games, and was very industrious in all things that he was capable of undertaking.

A DIMINUTIVE COURTIER.

Among other dwarfs of exceptional talent mentioned in history, one of the most prominent is Joseph Bornuhski, a Russian by birth, who was known throughout Europe as "Joujou." He was of an exceedingly amiable disposition, and unusually well educated. It was this dwarf who made the celebrated retort to Maria Theresa, empress of Austria. While he was visiting Vienna, the empress lifted him up on her lap and asked him what he thought the most wonderful sight he had seen in his travels, whereupon the little courtier replied: "The strangest sight is that I see at the present moment."

"And what is that?" inquired the empress.

"To see so little a man on the lap of so great a woman."

After marrying a young lady of ordinary size, Joujou settled down in life and became the head of quite a large family. He wrote and published a book descriptive of his life and travels, and lived until the remarkable age of 90 years.

During the last century several noted dwarfs were on exhibition in various parts of Europe. Quite a sensation was created in London by a tiny couple known as Mr. and Mrs. Robert Skinner, who were each but two feet in height. Their carriage, which was about the size of a baby's, was drawn by two dogs, and their coachman was a small boy dressed in purple and yellow livery. They had no less than fourteen children, none of whom were unusually small.

THE MOST FAMOUS AMONG DWARFS.

During the French revolution a dwarf named Richebourg was made useful in carrying letters and messages out of Paris. He was dressed in a full suit of baby clothes, and with the secret papers hidden about his person was carried in the arms of a nurse. Very luckily for the "baby" the trick was never discovered. This pigmy lived to the age of 90 years, and during the last twenty-five years of his life never went out of doors, being very shy before strangers.

The most famous dwarf in history is undoubtedly the celebrated Jeffrey Hudson, who was only 18 inches tall when he made his first appearance before the King of England, served up, it is said, in a cold pie, out of whose crust he leaped in the full attire of a page of honor. After this the dwarf was presented to Queen Henrietta Maria, and soon succeeded in obtaining the utmost confidence of the queen. While on his way to France, on a confidential mission of great importance, he was captured by a French privateer, but was soon after released at the express command of the French court. In the civil war Jeffrey obtained a commission as captain of horse, but followed the fortunes of his mistress when she took refuge in France.

One of the most singular occurrences connected with liliputians took place in England a few years ago, when a pigmy 17 years of age and barely 25 inches high was actually torn to pieces by cats. The showman having him in charge conceived the idea of establishing a miniature menagerie, with the dwarf as tamer. He accordingly caused a number of cats to be painted to resemble tigers, and, giving the dwarf a whip, he compelled him by threats and kicks to goad them into a furious rage. The consequence was that the poor little fellow, who had always had a great aversion to cats, was attacked by the infuriated animals, and before he could be rescued was literally torn to pieces in the sight of the terrified spectators.

SOME LITTLE LADIES.

Among modern dwarfs Mrs. Louisa Sheppard, who died in New York some years ago, was one of the most diminutive and interesting. She had been on exhibition in this country about ten years, under the name of "Lulu." At the time of her death, from pneumonia, she was 21 years of age. Although but 31 inches high and weighing but 30 pounds, her form was exquisitely proportioned, and she appeared a perfect woman in miniature. Her mental powers were good, and she was a lively, interesting conversationalist. Unlike many dwarfs, she was never known to be irritable or querulous. Her husband was a man nearly 6 feet in height and of corresponding weight. She was born in Keyport, N. J., where her family had lived for many years, her maiden name being Van Pelt. Dollie Dutton was another little woman, and at one time the most noted of American dwarfs. She was born in Natick, Mass., in 1855, and at the time of her birth weighed only 2½ pounds. She was exhibited in a tent in the Public garden, Boston, when but 6 months old, and was subsequently shown throughout the United States and Canada. In New England, particularly, she was a great favorite. At 13 years of age her weight was only 12 pounds. In 1875 she was married, and had one child, which died in infancy. Owing to domestic troubles she became insane, and died about seven years ago—a sad fate for one of the most charming little ladies on record.—St. Louis Globe-Democrat.

He Gave the Alarm.

Capt. William Jameson, of Friendship, Me., is called the Paul Revere of the Meduncook. He received the name in the following way: It was during the war of 1812, and the British, with muffled oars and under cover of darkness, were trying to reach and burn the little fleet of fishing schooners at the head of the Meduncook river, hoping also to gather in some chickens, eggs, etc., from the settlers along the route. Jameson, then a boy of 14, mounted his horse and rode through the town, giving the alarm at every house. He then returned home, jumped from his horse, and catching up his little flint lock rifle, with twenty-four rounds of cartridges, started off on the run across lots to join his neighbors at Bradford's Point. The British soon found that they were discovered, and hastened back to their ship.

Jere Black's Maps.

I once heard Justice Field, of the United States supreme court, say that the worst briefs submitted to that tribunal were those of the late Jere Black, of Pennsylvania. Black was a great lawyer, but in his later years he trusted entirely to his eloquence, and gave little time to the preliminary work of a case. His briefs were very carelessly prepared. The authorities he quoted were often on the wrong side, and sometimes had no proper reference to the case. He was a natural orator, and he relied upon the force of his argument to get a decision in his favor.

AFTER THE INTERVIEW.

Indignation of the Equal Rights Delegates—Resolutions Passed.

Quebec, Aug. 8.—After the answer of His Excellency Lord Stanley to the delegation representing the Equal Rights association, a good deal of plain speaking was indulged in among the delegates, many taking the ground that His Excellency's remarks were not only uncalled for but impertinent, when he spoke of the "live and let live policy."

The following gentlemen were appointed a committee to draft a resolution embodying the sentiments of the delegation:—Dr. Davidson, Ed. Armour, Rev. Dr. Stringer, Rev. Mr. Langtry, Ald. Henderson, Rev. Dr. Moore, and Mr. J. T. Small.

The delegation then adjourned for a short time and on their return received the committee's report and unanimously passed the following:

Moved by the Rev. Mr. Langtry, seconded by Mr. Walter Paul:

That the members of the deputation from Ontario and Quebec, in meeting assembled after the interview with His Excellency the Governor-General, expressing their unfeigned regret that His Excellency while intimating the wish that any remarks leading to argument and discussion should be avoided by those presenting the petition, should have made his reply on the advice of his ministers by relating in effect the arguments already urged by the Minister of Justice and which is the opinion of the deputation had already been thoroughly refuted.

Further, that the deputation learned with unfeigned astonishment and regret that His Excellency had been advised to intimate to them that no case would be submitted by the government to the Supreme Court thereby preventing the opponents of the measure from obtaining the opinion of that court upon the validity of the Act.

In view of the issue of the applications already made this deputation urges the continuance and extension of the present movement throughout the entire Dominion in order to carry out the principles of the Equal Rights' association and similar organizations in other provinces, with a view to the formation of a Dominion association, and to secure adequate representation of their views in Parliament.

There was a disposition shown to pass a much stronger resolution, but though one or two seemed to think that this should be done, it was decided to allow the resolution to stand as adopted. The spirit shown by the delegates on the return journey was one of great good humor, and determination to make the Equal Rights' movement stronger than ever. It was felt by some that His Excellency should have been answered on the spot by some indignant but respectful remonstrance, but this would have been a breach of decorum and of the respect which the royal men present entertained for Her Majesty.

The Canadian Pacific Land and Mortgage Company, Limited, (Foreign).

Registered this 10th day of July, 1889.

CERTIFICATE OF REGISTRATION.

THIS IS TO CERTIFY THAT I HAVE THIS day registered "The Canadian Pacific Land and Mortgage Company, Limited, (Foreign)" under the "Companies' Act," Part IV. Registration of Foreign Companies.

The objects for which the Company is established are:

1. To purchase, take under any concession, lease, or in exchange, hire or otherwise acquire, settle, improve, farm and cultivate lands of any tenure, franchises and hereditaments situate in the Dominion of Canada, the United States of North America, or elsewhere, including any mines, minerals, ships, steamboats, barges, and other vessels, engines, railway wagons, tanks, reservoirs, manufacturing plant, apparatus and stock in trade, and any other real and personal property of whatever description, whether the same be unencumbered or subject to any mortgage, charge, lien, easement, privilege, licenses, concessions or otherwise, and to develop the resources of any such properties by building and kind of structure thereupon, planting, reclaiming, clearing, mining, quarrying, excavating, damming, draining, farming, and otherwise dealing with and working the same, and to stock lands and farms, and to breed, grow and deal in all kinds of stock, cattle, horses, sheep and produce, and to erect and maintain thereon suitable buildings and structures, including slaughtering, refrigerating, and converting establishments.

2. To invest money by way of advance, or loan at interest to any person or persons, or corporation, upon the security of any property and securities whatever, real or personal, including produce, crops and manufactures, government and all other stocks, bonds, mortgages, or securities, whether British, colonial, or foreign, and generally to buy, manufacture, deal in and sell all kinds of goods, chattels, merchandise, produce and effects.

3. To aid, encourage and promote immigration, emigration and colonization, and for such purposes to lend and grant any sums of money, and to act as agents therefor.

4. To work, win, convert, sell, use or otherwise deal with all or any mineral property of the Company, to construct or acquire, take concessions of purchase or lease, hire, maintain, improve, work and use, or aid in, or subscribe towards the construction, maintenance, improvement and working of roads, ways, streets, tramways, wire tramways, electric or other power, telegraph and telephone lines and works, or other means of communication or appliances of a similar nature, railways, railway stock, locomotives, engines, docks, piers, harbors, quays, wharves, landing stages, jetties, slips, stores, bridges, canals, channels, walls, buoys, lights and beacons, viaducts, aqueducts, water works, flumes, culverts, ditches, warehouses, factories, shops, churches, chapels, schools, libraries, institutes, inns, foundries, brick kilns, reduction works, gas and water works, electric lighting or power works, hotels, mills, undertakings, works, and other buildings and structures, of every description, and for the above purposes to enter into and carry into effect any contracts, and apply for, accept, and carry into effect such concessions, licenses or authorities as may be deemed necessary or advisable.

5. To acquire running powers, rights or easements over and to make arrangements with any companies or persons for the joint working of any railway, tramway, or line of electric wire, or other similar means of communication.

6. To build, purchase, charter, hire or otherwise acquire, maintain, repair and use steam and other ships and vessels, and to carry on the business of ship owners, lightermen, wharfingers, dock owners, warehousemen, ship chandlers, commission and shipping agents, and to levy cranage, anchorage, lighterage and other dues and tolls, either in connection with the other businesses of the Company, or as an independent source of profit.

7. To transact all manner of agency and commission business, and in particular to act as agents for any persons or corporation in the purchase, sale, or management in any way of lands, hereditaments and other property in the Dominion of Canada, the United States of North America, or elsewhere, where the Company may for the time then being be carrying on business, and to carry on the business of general, commercial, mercantile, shipping or forwarding agents, or agents for any railway, steamship, or other company.

8. To accept and hold any property whatever upon any trust whatever, and to make advances against the same, and to issue debentures there against, and to act as trustees, attorneys or agents of or for any persons, living or dead, or of any company, corporation, public body or supreme government, and also as real or personal representatives of any deceased persons.

9. To transact all business connected with the investment and loan of money at interest, to receive money on deposit, and generally to transact and carry on every description of banking, discount, exchange and financial business.

10. To make, draw, accept, indorse, discount and execute promissory notes, bills of exchange, and other negotiable instruments.

11. To build, lay out, sell, colonize and develop towns and villages on the lands acquired or controlled by the Company from time to time.

12. To purchase or otherwise acquire the exclusive or limited right to use information as regards any inventions, whether patented or not, which may seem capable of being used for any purposes of the Company, or the acquisition of which may seem calculated, directly or indirectly, to benefit the Company, and to acquire any grants, charters, concessions, patents, patent rights, monopolies, brevets d'inventions, copyrights or licenses, and to use, exercise, develop, grant licenses in respect of, or otherwise turn to account the property, rights and information acquired.

13. To take or otherwise acquire, and hold or sell shares, stock, debentures, or any other interest in any other company, whether British or foreign, in which the liability of the members is limited, having objects altogether or in part similar to those of this Company, or carrying on any business capable of being conducted so as directly or indirectly to benefit this Company.

14. To purchase or otherwise acquire or undertake all or any part of the business, property and liabilities of any company, corporation, society, partnership or persons carrying on, or about to carry on, any business which this Company is authorized to carry on, or which is in any respect similar to the business for the time being of this Company, or which is capable of being conducted so as directly or indirectly to benefit this Company, and to make and carry into effect arrangements with respect to the sharing of profits, union of interests or amalgamation, either in whole or in part, of this Company with any such company, corporation, society, partnership or persons.

15. To dispose of by sale, lease, underlease, exchange, surrender, mortgage or otherwise absolutely, conditionally, or for any limited interest, all or any part of the undertaking, property, rights or privileges of the Company as a going concern or otherwise, to any public body, company, society or association, or to any person or persons, and in particular to any other company having objects altogether or in part similar to those of this Company, and to accept as the consideration, or part of the consideration for such disposal money, stock shares, debentures or other securities, either for distribution in specie among the members or otherwise.

16. To subscribe for, take, acquire, hold and sell the stock, shares, scrip, certificates, bonds, obligations, debentures and securities of any other company, or of any supreme, municipal, public or local board or authority.

17. To borrow and raise money for the purposes of the Company in such manner and upon such terms as the Company shall think fit, and to secure the repayment thereof by bonds or debentures, or by redeemable or unredeemable debenture stock (such bonds, debentures and debenture stock being made payable to bearer or otherwise) or by any other instruments, or by bills of exchange, or promissory notes, or in such other manner as may be determined, and for any such purposes to charge all or any part of the property of the Company (both present and future), including the unpaid capital.

18. To obtain any provisional order or Act of Parliament, or legislative provision, decree or order of any colony, foreign government, body or authority, to incorporate the members as a body politic or corporate, to accordance with the laws and constitution of any country or state in which the Company shall be carrying on, or be desirous of carrying on, any of its operations, and to take all steps and do all things necessary to give the Company, or any company subsidiary thereto, a legal position in any such country or state, and such legislative powers as will facilitate the carrying into effect of the objects of the Company therein.

19. To give any guarantee of whatever description in relation to the stock, shares, debentures or other securities or obligations of any company or supreme, public, municipal or local body or authority, and generally to guarantee the performance of any covenant or obligation.

20. To transact all business connected with the investment and loan of money at interest.

21. To allot the shares of the Company credited as fully or partly paid up as the whole or part of the purchase price for any property purchased by the Company, or for any valuable consideration.

22. To appropriate and apply such parts of the capital of the Company as may be expedient to the payment of such brokerage, discounts and other expenses as may be deemed incidental to the formation and promotion of the Company, and the placing of its shares and debentures, or any part thereof.

23. To aid any government or state, or any municipal, local or other body politic or corporate, or company or association, or individuals with capital, credit, means or resources, for the prosecution of any works, undertakings, projects or enterprises.

24. To do all or any of the above things in any part of the world, and either alone or in partnership or conjunction with any person or other association, and either as principals or agents, and to contract for the carrying on of any operation connected with the Company's business by any person or other association.

25. To carry out the objects comprised in each paragraph of this clause in as full and ample a manner, and construed in as wide a sense as they would be construed if each paragraph of this clause defined the objects of a separate, distinct and independent company, and so that such objects shall not, except where otherwise expressed in such paragraph, be restricted by reference to the objects indicated in any other paragraph.

26. To do all such other things as are incidental or conducive to the attainment of the above objects, or any of them, or which the Company shall consider incidental or conclusive to the attainment of the above objects, or any of them, and so that the word "company" in this memorandum shall be deemed to include any partnership or other body of persons, whether corporate or incorporate, and wherever domiciled.

The amount of capital stock of the said Company is £250,000, divided into 25,000 shares of £10 each.

The place of business of the said Company is located at the City of Victoria, in the Province of British Columbia.

In testimony whereof I have hereto set my hand and affixed my seal of office this 10th day of July, 1889, at the City of Victoria, in the Province of British Columbia.

PERSONAL.

Items Telling of Movements of Well Known Persons.

Miss Georgie Storey left for Golden City yesterday morning to fill the position of teacher in the public school there.

Judge Van Bokkelm, of Port Townsend, was in the city yesterday.

Mayor Oppenheimer and family, of Vancouver, are enjoying a two week's sojourn at Banff.

Wilson McKinnon and bride arrived from Vancouver on Tuesday night and left for Seattle this morning.

Chief Ackerman, of the New Westminster fire department, is in this city. He inspected the hand fire engines belonging to the Victoria fire department and will most likely purchase one of them for use on the higher levels of the Royal city.

Charles M. Reed, of Erie, Pennsylvania, offers to pay off the debt of that city, amounting to $1,100,000, if it will give him the water works. The revenue from the water works service last year amounted to $74,600.

H. E. Croasdaile and a party of friends have gone to Cowichan Lake on a fishing trip and will be away until the end of the month.

Samuel Maclure and bride nee Miss Daisy Simpson are spending their honeymoon at Harrison Hot Springs, after which they will locate at Matsqui, where Mr. Maclure will engage in farming.

His Lordship Bishop Hills has extended his northern trip to Comox.

Geo. Howe, late of the Central hotel, Nanaimo, is in the city.

The Rev. Mr. Duncan, Presbyterian minister, who has been on a visit to his brother, Dr. Duncan, returns home tonight.

the bank at that place.

Sir Wm. and Lady Hoss have left Harrison Hot Springs for Montreal, and will not return to British Columbia.

G. Young, customs inspector for this district, arrived from Winnipeg last night, accompanied by J. S. Clute, collector at New Westminster. They go to Nanaimo, where they will remain several days, afterwards returning to Victoria.

Mrs. F. C. Innes, of Vancouver, with her mother and sister, Mrs. Greet and Miss Greet, of Toronto, are at the Driard.

Major-General Low and E. M. and H. C. Clezy, all of England, are at the Driard.

John Maitland, well known to old Upper Canada College school boys, is at the Driard. He leaves for Toronto tomorrow via the United States.

Dr. W. W. Welsem, of Nanaimo, is in the city. He returns to-morrow.

Capt. A. E. McCallum, of Esquimalt, has gone to the interior.

E. V. Bodwell, Vancouver, is at Harrison Hot Springs for the benefit of his health.

SPORTS AND PASTIMES.

Foot Race—Cricket Match—Coming Prize Fight.

Frank LeBoy and W. Millington will run 50 yards at Beacon Hill this evening for $50 a side. The race will take place at 6:30 o'clock.

CHALLENGE ACCEPTED.

The challenge issued by the C Battery Cricket Club to play a friendly game on Saturday next with the Nanaimo Cricket Club was accepted yesterday and the following team chosen to uphold the honor of the Black Diamond city: Hodgson, captain, Dixon, Thompson, Sowden, Wilkinson, E. Potts, Cruickshank, Calverly, Covington, J. Harvey, Watson, subs.; A. Potts, Miller.

TRAINING.

D. S. McLeod is training hard for his wrestling match with Schumacher, who arrived in Nanaimo yesterday with his trainer, F. Lewis, and will settle down to work, preparing for the contest, at once.

LAWN TENNIS.

Mr. J. T. Williams and Mr. S. S. Richards will arrive from Vancouver this evening to attend the lawn tennis tournament, in which Mr. Williams will contest the championship. The championship match, it is expected, will be played on Saturday.

THE RING.

Mike Brennan, who has been training in this city under Clem Austin's care for the forthcoming fight with Tom Cleary, will leave in the morning for Port Townsend with a number of sports. The mill will take place on Sunday next.

WATSON AND PECK.

The backers of Peck, the Nanaimo runner, are anxious to arrange a 200 yard race with Tom Watson. The latter wishes to run 300 yards, and it is possible that they will meet in a 250 yard race for $250 a side.

Beaver Lake Water.

The water in Beaver Lake still continues to fall steadily at the rate of a quarter of an inch daily. It is now three feet below high water mark and is expected to go down two more feet before commencing to rise with the fall rains.

Correction.

Our item of yesterday referring to the orders called for a brick building adjoining the Pritchard House on Yates street, stated that the owner was Mr. Wm Dalby. This is an error. The property belongs to Sir M. B. Begbie, and the lease is held by the Belmont Co.

Marine.

The bark George arrived last evening from Bankok and Saigon, with 1,300 tons paddy for the rice mills. The voyage was made in 64 days, which is fast time. The George is anchored outside and will be brought to the wharf at the rice mills at high tide.

For the North.

The Sardonyx sailed this afternoon for the north with a fair freight and the following passengers: Miss Nunns, N. W. Nunns, Miss Lockerby, C. E. Perry, A. E. McKay and party of fifteen also go north to survey 15,000 acres of land near Fort Rupert.

Dalton McCarthy.

Mr. Dalton McCarthy, Q. C., Sir John's late lieutenant, and a gentleman who has acquired considerable notoriety as one of the champions of the anti-Jesuit party in Ontario, was in New Westminster to-day. He is expected to arrive in Victoria this evening.

A Country Seat.

If Mr. Davie is defeated in Victoria, Mr. Robson says he can easily get a country seat, Lillooet is still open. The electors will take the premier at his word and defeat him. It will be good policy to do so, especially as his abilities will will not be lost to the province.

Incoming Passengers.

The Walla Walla sailed from San Francisco for this port on Tuesday morning with the following passengers for Victoria: E. M. Hilgard, S. Crawford, Miss Frey, W. Brown, J. McGill, F. Monbord, Miss M. Wise, J. McCallum, T. M. Coleman, T. Harper, S. Witherow.

Railway Shares.

The Canadian Pacific shares continue to advance very rapidly having gone up 4 per cent this week. They now stand at 61¼ in New York and 65⅝ in London. The advance in these shares during the last three weeks has been 11½ per cent. Northern Pacific shares are just steady at 29¼. Grand Trunk are 10¼.

The Sale Completed.

Mr. Geo. Howe, who purchased the Central Hotel at Nansimo a short time ago with Mr. W. C. Halleck, yesterday disposed of his interests to Mr. H. F. Hall, formerly of the Driard House, Victoria. Mr. Hall has already during his short stay in the city of Nansimo made many warm friends, and will do much to keep up the excellent reputation of the Central.

Slightly Disappointed.

A number of those interested in the sealing industry were slightly excited at the appearance of a sealing schooner, which it was thought was from the north, sailing into the harbor this morning. In due time their expectations were partially filled, for it was a sealing schooner, the Wanderer, which had been at Sooke and was returning.

Fire Drill.

At 7:15 o'clock this evening the firemen will drill with the Tiger hand engine The drill was called to show Chief Ackerman of the New Westminster Department the capabilities of the hand fire engine. It is the intention of the New Westminster department to purchase an engine for the higher levels and a better "machine" than the Tiger cannot be found in the Province. The hand engine was purchased twenty-five years ago.

Skipped Out.

Taggart Bros'. painters have left the city in a mysterious manner and with other people's property. It seems that on Monday evening they went to Campbell & Foreman's boat house and hired a boat with the intention, as they said, of going for a bathe; but as they did not return to the city investigations were made, which revealed several large debts owed by them to merchants in town, and also that they had not paid their workmen for some time.—*Courier.*

Governor General of B. C.

The Nanaimo *Courier* is the authority, and certainly poor authority at that, for the announcement that His Honor the Lieutenant Governor has been pleased to appoint Hon Theodore Davie to be *Governor General* of British Columbia. Won't Theodore feel elevated when he learns that the constitutions of the Dominion and Province have been overthrown and he occupies the vice regal throne as *Governor General.*—*Nanaimo Free Press.*

Full Pressure.

At 12:30 o'clock this afternoon Ald. Wilson telephoned from the water works that full pressure was turned on the 16-inch main at Beaver Lake. The fire department tested the water throwing quantities at the hydrant on the corner of Douglas and Yates streets through 50 feet of fire hose. The stream thrown an inch and a quarter nozzle reached 110 feet and through a three-quarter inch nozzle 108 feet, against the wind. The increased pressures will be of great assistance should a fire occur in the city in close proximity to the hydrants.

THE SUBSIDY.

To the Editor of the Times:

Sir,—Mr. Davie says that he is not in favor of subsidizing the Canadian Western as liberally as was the Canadian Pacific. Let us see whether he is or not. Those who are sufficiently interested to scan the map of British Columbia, and who will further take the trouble to measure according to the scale the distance between the eastern and western boundaries, will discover that less than 400 miles intervene. For convenience sake, however, I will call it 400 miles. The distance from Montreal to Vancouver is 3000 miles. For building this railway the Canadian Pacific company were given 25,000,000 acres of land. The British Columbia government have granted to the Canadian Western 12,000,000 acres for building 400 miles. It will be seen at a glance that proportionately the Canadian Western is receiving four times as much land as the Canadian Pacific, or in other words, while the Canadian Pacific received approximately 8000 acres per mile, the Canadian Western is receiving 30,000 acres per mile, or nearly four times as much as the Canadian Pacific. Yet Mr. Davie tells us distinctly that he is not in favor of subsidizing the Canadian Western as the Canadian Pacific was subsidized. Mr. Davie, it is quite plain, has no head for figures, or else he would have got on to these comparative results and have kept his mouth firmly closed in the matter of subsidies. Mr. Davie's omission to note that in proportion to distance the Canadian Western was getting 30000 acres of land per mile to the Canadian Pacific's 8,000 is one of those lapses which cannot be accounted for on any ground than sheer inability to consider important questions from their various points of view. If Mr. Davie is elected to the Cabinet it is a clear case that he will have to be furnished with a legal adviser. If the people of Victoria want two Attorney-Generals, I say amen to it.

A FISH STORY.

How a Large Lake Rose Three Feet by Millions of Salmon.

The unaccountable rise in the waters of Harrison Lake and river, says the *Columbian*, announced in these columns a few days ago, has brought forward theories as to the frost, the most probable one being that the immense salmon run has been the cause of it. The theory is quite likely to be correct, for reports say that Harrison river is simply a mass of salmon moving so thickly that the water is black with them from shore to shore, and boats have simply to plough a road through the fish in order to obtain a passage. The millions that enter the lake every day must necessarily displace a large quantity of water, and, consequently, cause the lake to rise. The lake is about 40 miles long and several miles wide the most of its length, and therefore the number of salmon required to raise the water three feet in four weeks must have been something enormous. It is generally conceded that the salmon theory must be correct.

A NEW ENTERPRISE.

A Boot and Shoe Manufacturing Company Being Organized.

We are informed by the promoters that a company, to be known as the Pacific Shoe and Leather Company, has been projected and partially organized, with a view to taking over the tanning business of W. Heathorn, which will be enlarged and continued, and adding thereto the manufacture of boots and shoes. The new company will have a capital stock of $100,000, of which a considerable sum has already been subscribed. The latest improved machinery will be brought from Montreal for use in the manufacture of boots and shoes, and this portion of the business will be carried on a central portion of the city. The leather produced by the tannery will be used in the factory, which will be on a scale commensurate with the market to be supplied—a market which, it is certain, will continue to increase and grow more profitable. We are always glad to welcome local industries, for it is by the multiplication of manufacturing enterprises of this kind that we hope to grow and prosper.

THE NOMINATION.

The First Step in the Election—The Candidates Nominated.

The nomination of candidates for the legislature in place of Mr. Theodore Davie, who vacated his seat when he assumed the office of Attorney General, was held at the Sheriff's office between the hours of twelve and one o'clock to day. The proceedings were of the most formal and uninteresting character. At 12 o'clock the Sheriff appeared on the steps leading to his office, and, facing the candidates and a few friends who had assembled on the pavement, read the proclamation authorizing him to hold an election, after which he announced that nominations would be received until one o'clock. This closed the proceedings and the "crowd" dispersed. At one o'clock the sheriff announced that the following nominations had been made:

Theo. Davie—Proposer, T. Earle; seconder, W. J. Anderson; assentors, Henry Farrell, D. R. Harris, J. C. Blackett, Geo. A. Sargison and H. S. Mason.

Dr. Milne—Proposer, C. Renouf; seconder, Alex. Wilson; assentors, Geo. Powell, Richard Maynard and Hugh McDonald.

The usual announcement as to holding a poll was made, and the first step in the election was over.

THEIR DAY OUT.

Happy Aldermen and Friends Take Their Annual Holiday.

The annual pilgrimage of the aldermen and their friends to the waterworks was made to-day. It is only once in a year that grave and reverend civic rulers, throwing off the bridle of restraint, can feel like boys, and free from the gaze of the public kick up like young colts when turned out to pasture. The party which left the city hall at 10 o'clock this morning was a merry one. Mayor Grant, assisted by Ald. Coughlan, acted as utility man and saw that everything was properly arranged. The party numbered thirty and filled eight hacks. They were Mayor Grant, Alds. Goodacre, Kelly, Harrison, Coughlan, Wilson, McKilligan, Harris and Vigelius, ex-Mayors Fell, Redfern, Shakespeare and Daby, Messrs. T. Earle, G. Powell, J. Braden, Hall and Pickering, Alex. Wilson, Andrew Gray, W. F. Bullen, D. W. Higgins, M.P.P., T. Shaw, Thos. Partridge, P. Leach, W. J. Dowler, Chas. Kent, Jno. R. Rathom of the *Colonist*, and H. A. Munn of The Times.

The plan of the day was to ride out as far as the Jewish cemetery, where the party will alight from the hacks and foot it over the new 16-inch mains for two and a half miles in a warm sun. They will then be picked up and taken within ¾ of a mile to Beaver lake, where they will again be dropped and foot it for that distance to the dam. The distance to be walked has been nicely timed, and when the party sit down at Stevens' for dinner they will certainly do justice to liquids and solids.

THE UMATILLA AGROUND.

Stuck at the Entrance to Tacoma Harbor.

The steamship Umatilla, which left West Seattle shortly after midnight Tuesday night, ran aground on the spit at Brown's Point, near Tacoma, at 2:30 o'clock the following morning. The tide was high at the time, and a dense fog prevailed. The latter certainly confused Capt. Holmes, who was navigating the vessel. She was being sent ahead at half speed, and a careful lookout was being kept.

The first intimation that those on board had of the accident was that dreaded sound when the keel plowed into the sand. When it was discovered that she was aground her engines were reversed, but it was too late. She was firmly imbedded in the sand. Where she went on the tide falls 16 feet. The tide began to recede from her along toward daylight, and she was soon high out of the water and in a very perilous position. At 12 o'clock the next night, after several futile efforts on the part of the steamer Premier to pull her off, the project was abandoned and the steamer left where she is. Her cargo will have to be unloaded before she can be again floated. At low tide the steamer's keel and wheel are visible No damage, so far as can be learned, was done to the steamer. The passengers were brought to Seattle on the steamer Messenger.

In the spring of 1887 the Umatilla ran on Tillamook rock on the Oregon coast. Capt. Frank Worth and the crew abandoned the vessel as they had no hope of saving her. Mate O'Brien, who is now captain of the Premier, went back alone and hoisted the sails and got the vessel off. Then he sailed into Esquimalt harbor. There she was soon after sunk, and it cost a large sum to raise her. Mate O'Brien became the hero of the hour for intrepidity he displayed in saving the Umatilla. It is hoped the vessel will be got off on this occasion, as her loss would be a serious one to the Oregon Improvement company.

From the Orient.

The steamship Port Augusta, of the C. P. R. China-Japan line, passed up to Vancouver at 2:30 this afternoon, fifteen days from Yokohama. Capt. Urquhart was in command as pilot.

Badly Injured.

A young man of this city named Hilton met with a painful accident last night about 9:30 in the rooms of the Victoria Athletic Club. The accident was caused by a band around his waist parting, precipitating him to the floor, a distance of about fourteen feet. He fell on a mattress spread on the floor breaking his left arm and dislocating the shoulder blade. At the time of the accident he was suspended in the air, being held by a strap held in the teeth of Jos Weiler, who was doing a trapeze act. The whole cause of the accident was the defective band breaking.

DENIES IT.

Sir,—Everybody makes great allowance for Mr. Fell's joke, but when Mr. Fell says that I at Mr. Davie's meeting made use of any such expression as "impudence and cheek" he says something utterly untrue. The words "impudence and cheek" I copy from The Times report of Dr. Milne's meeting.

RALLY TO-NIGHT!

THE FRIENDS and supporters of Dr. Milne are requested to meet to-night and every night this week at No. 43 Fort street.

By order of
EXECUTIVE COMMITTEE.

aug14

To the Electors of the City of Victoria.

Gentlemen:—

In complying with the request of a number of the citizens of Victoria to stand for the seat now vacant in the Legislature, I do so believing that at no distant date questions will arise requiring careful consideration, and calm and just decision. Many of the late actions of the Provincial Government have not met with the approval of the majority of our citizens, notably the amendments to our school law. The amendment to our Public School Act of 1888, where it provides that the cities are called upon to pay the expenses of operating their schools, and also enacting that the cities shall pay one-third of the salaries of their teachers, is, I consider, a law unfair and unjust. If elected as your representative, I shall endorse the action of our city aldermen, in refusing to pay the expenses and portions of salaries demanded by the Government. I shall also, if elected, use my efforts to have the present School Act so amended as to eliminate many of its features, which I consider have been introduced to give power to the Government in matters which should be left in the hands of the Trustees—the proper representatives of the people in school matters. I shall always uphold our free and non-sectarian school system. As the School Act now stands it is in many respects merely a political machine.

I shall use my best endeavors to obtain a grant of land or money for the establishing of a University, to be erected and maintained in the City of Victoria, as it is time such an institution should be founded for the higher education of the young people of this province. Victoria being the capital, as well as having many natural advantages, is by far the most suitable place for such an important provincial institution.

I am in favor of subsidizing any railway asking reasonable aid, making Victoria its terminus. As the Canada Western Railway is now a matter of fact, by legislation passed last session, I shall, if returned, use my influence to have the same completed at as early a date as possible, with its terminus at Victoria or Esquimalt.

The land laws of our province should be carefully guarded; and I believe it is in our interest to conserve our timber lands, and that they should not be locked up in large tracts in the interest of speculators.

The development of the mineral wealth of this province requires our earnest attention. Legislation tending to this end will receive every assistance from me.

It will be my most earnest desire to have Victoria made as far as possible the point of arrival and departure for lines of steamers either from the Chinese seas or Australasia.

In a few days I hope to have the pleasure of addressing you on the various provincial questions. In the meantime I solicit your influence and votes.

I am,
Yours respectfully,
G. L. MILNE.

PRIVATE BOARDING HOUSE.

MRS. J. D. WOODILL HAS OPENED A Private Boarding House at 128 Johnson street, where you can find HOME COOKERY AND COMFORT. No Chinese employed. Baths Pleasonable.

Remember the address: 128 Johnson street, above Douglas street. jy19-1m

To the Electors of Victoria City District:—

Gentlemen:

In accepting a portfolio in the Government, my primary object is the construction of another trans-continental railroad, which, penetrating the northern part of British Columbia, and opening up the important district of Cariboo, will traverse Vancouver Island, making Esquimalt or Victoria its terminus.

It will be my endeavor, should you honor me with your confidence by re-electing me, to apply the resources of the country, so far as can be legitimately done, in furtherance of this project, which as a private member I warmly advocated during the last session of the House.

It was upon the understanding that the Northern Railway should be a matter of Government policy, that I agreed to enter the cabinet.

I shall take the opportunity of entering into particulars at public meetings, which I intend to call for the purpose, during the course of the canvass.

I am, gentlemen,
Your obedient servant,
THEODORE DAVIE.
